Session II – A Literacy Carousel

**Jump on Our Literacy Carousel and Share Your Experiences:
MOTIVATING and SUSTAINING LITERACY GROWTH.**

During the February videoconference event, Dr. Terry Salinger provided us with insightful information regarding literacy initiatives, research findings, and practical strategies to address the diverse reading and literacy needs of students.

Now it is your turn to share your knowledge and experiences with the group. Please join us in a roundtable discussion during Session II of EMSTAC's videoconference series.

Join our Literacy Carousel!

- **Tell us about the literacy programs in place within your school/district.**
- **Provide us with insight regarding considerations for implementing literacy programs.**
- **Let us know about useful resources and materials.**
- **Build a network of fellow Linking Agents interested in literacy initiatives.**

Help us to continue our discussion from the previous event!
